

HALDIRASA

Concentrated Liquid Turmeric Extract

Rich in Curcumin - Virus Resistance, Immunity, Health, Beauty

Turmeric (*Curcuma Longa*) is an aromatic medicinal plant that is native of India. Curcumin is the active and effective ingredient in turmeric. It is the most effective natural remedies for many ailments because of its antiviral, anti-bacterial, anti-cancerous, anti-fungal and immunodeficiency modulator properties

HALDIRASA is a concentrated liquid turmeric extract scientifically prepared from special Assam varieties of turmeric which have high percentage of curcumin. **HALDIRASA** has more than 7.01% of curcumin and its water soluble. A drop of it is equal to 20gms of pure turmeric powder. As we enrich the nutritional density of Curcumin in **HALDIRASA**, it acquires high bio-availability. Higher percentage of Curcumin gets into body and gets more active to achieve desired results.

Suggested Daily Consumption of HALDIRASA 1 Drop in the Morning and 1 Drop in the Night in 100ml of Hot Milk. It is very good for immunity, Respiratory problems & Lung Infections.

Enriched Curcumin in HALDIRASA protects you from Diabetes, Virus infections Cholesterol, Weight Loss, Arthritis, Depression, Inflammation, Cardio-Vascular Diseases, Skin Diseases, Alzheimer, Cancer, Gastrointestinal Disorders.
